The memories
from that time
and his smile
and the
untasty meal...

I can still
remember
because
they are
precious
to me.

I see.
Then
I guess
there's no
helping
it.

Kazumi is
dying.

I was so
eager to get
What are
you gonna
do about
this?

Eee??
Today's
date
cancelled?

A few years
have passed
since I chose B.

"I fall in love
with him
because
he treats
me kindly."

I hate myself for
being so simple...

"HUMANS ARE
MADE TO BE ABLE
TO FORGET..."
Even so...

I can never forget
the taste that day.

Adhori-san
doesn't mind
going out
with men
or women.
But when it
comes to me...
he avoids
touching
me almost
completely.

Maybe!

Just get
dumped
already.

Maybe
I'm not
his
type?

He's not
interested
in me.

Got to
go...

He always
makes
a quick
move on
someone
he likes.

49

I guess his chance
was zero after all...

Adhori-
san
wouldn't
say
something
like that
on a whim.

"I still
think
you're a
JACKPOT
FOR HIM..."

I gave
up...
but
then...

Would it
be awkward
if I didn't
fall in love
at all?

I get scared
every time
I remember...

Even so

I want him
to touch me.

The reason
I want to touch
him is because...

is because
I'm still scared of
being touched.

I think...

Right now
I'm happy
enough being
near to him.

There's
a problem
with the
lower part
of his body
though.

I want him to... touch me...

Okay
then,
see ya!

No.

Now,
give me
back the
phone.

I want you to save me
from the bad memories.

I've been waiting for you to
hold out your hands to me.

Just like that time
when you erased my pain.

I don't
care
that I'm
scared.

I have
been
waiting...

My voice and
my hands...

are all trembling.
So embarrassing.

That is
what
matters
to me.

love
me...

love...

I just want
you to...

even
for a
short
while...

I didn't know finding out
someone's feelings
could be so scary...

Aaaa...

this kind of
face-to-face
talk...

I'm
just not
good at

It is my first time... with someone I like.

Did he
mean what
he just
said? Is
that be-

Uhm...

That kiss just now...
was he testing me...?

No-
Champ...

What's
so funny?

Pfft...

REQUESTING
WORK

So, one
more
time...?

That
won't
be.

He told me to
close my eyes.

I just
realized how
much that
self-less boy
has changed...

but I blinked
so hard I never just
traced his face

Close

your
eyes.

Ah...

O...

boy...

Just to
make sure

Hah...

Ah

I can't see
your face...
this is kinda...
ooh...

It's not all
front of me.

We're doing it
like this because
you said it'd be
embarrassing if
I stared at you

Back then...
sex was
something
scary
and painful.

I had to
endure and
try not
to feel.

You're
still scared.

Why...?

Let's sleep here
for today...

It's not
any
better...

Okay, I just
want to see.

Just a
habit.

Then,
why did you
drip me down
all the way?

After
all I've
been
through
...

It's really no
big deal...

Hey-

63

You don't
need to
treat me so
tenderly...

Don't say
that. You
make it sound
like all these
years together
means nothing

All the bad memories... you overwrite them with new ones.

I'll be all right... I think.

I don't know if I could live up to your expectation.

Haha ha-

Yes, Sir.

Ouch!

You should just say "leave it to me" or something like that at times like this.

"A KITTEN JUST SCRATCHED ME."

Oh?

Er?

"WAS IT A REAL CAT?"

"REMEMBER I SAID YOU CAN HEAL OTHERS?"

From the moment I forgave my own existence... I was saved.

Your
finger...

it left
a scar.

Fool...
that time,
it was best
to have you
heal yourself.

Oh,
well...

If the scar
bothered you,
get a ring
or something.

healed me
yourself
back then.

You
should
have

I feel
sluggish
...

Why should
I buy a ring
for a guy?

Will
you buy
me one?

It already
looks like a
ring around
my finger.

But if
I said so,
he'd probably
laugh. So let's
just keep it
to myself.

I thought
you don't
care about
gender?

No...

I don't want this
feeling to be healed.

Are you
weak?
Want me
to heal
you?

Ah,

there's
something.

You...!

You know
me so well
and yet you
told me that
...what for?

That's
exactly
why I
said it.

From now on,
stop having sex
with anyone else
but me, okay?

stand

I'm
cooking
dinner, so
get up!

WHAT?!

You're...

...quite a
strong-willed
one, aren't
you?

What's
with that
face?

You
should be
grateful
and thank
me, you
know!

Sometimes,
I can still remember
those painful days.

But even so... human minds
are made conveniently,

to remember just the things
that we need to live on...

Also, I'd done it a 3rd time
Thank you for buying this book

It's sure some of you know, I draw these
characters for a series on Facebook.
It was a success and still hasn't been published
as a book yet, because I still haven't
finished the main story...

Someday I might continue it again,
maybe in a magazine, that's all I can say.
This time, I wrote it really really fast!
In the future, it might be harder to do
with the new regulations or laws.
So I took the chance to finish this one now.
Even so, I still had troubles with the current
regulations, so I revised this one quite a bit.
On the protagonist's age, etc.
It changed a lot from the original, but
I thought it is better than nothing.

Some readers might not like the level of
content, so I tried not to show the profanity
and sexual contents too much.
But depending on the reader's imagination,
some might find this even after all.
This time, I changed the contents early
too. I jumped into the regulations.
I am not sure much my own work changed.

Also, because I lack the skills,
I couldn't input all the notes completely,
and so there were a lot of holes.
I sincerely lay the readers to fill this gap
with your own imagination. : Grumpy
I thought of splitting it into 2 volumes,
but then I thought the buyer's might not like it,
so in the end I conclude it all in one volume.
Though I'm sure there are some who
would read it even if it was 2 volumes long!
I'll take it into consideration for the next time!
I really wish to improve my skills to conclude
the stories quicker. even just a bit!

Putting aside the stories, about the drawings...
This time, my hands don't have enough strength
to get the result of the good I usually do.
So I changed to letterpress.
I used it before only to draw backgrounds.
I had to change a lot of tools along with them...
Also, after drawing a lot of pages, I felt like
losing my grip. So with this work,
I learned "how much I can do."

Every time I think "that will be the last time."
I also think "I'll do it like this next time". Grumpy
Then I think we may meet again
when I draw another story.
It would be nice if we could meet again!
Well then, thank you very much!
